

Our Multi-Focus Optics, Spherical Lens Design and superior optical technology provide precise detection capability and durability for unbeatable performance. Optex?? unique sensors satisfy your everyday needs ?-simplified installation combined with small innovations like easy wire knockouts and invaluable wiring guide convenience.

Model

FX-40 : standard model featuring Multi-Focus Optics

FX-40D : superior model with additional Double Conductive Shielding

## Features

- Passive Infrared Technology - Multi-Focus Lens
- Easy Wiring Knockout & Wide Wiring Space
- Sealed Optics
- ECO Technology
- Hard & Durable Spherical Lens
- Selectable Pulse Count : 2 or 4
- LED On/Off Switch
- Tamper Switch
- Improved EMI
